About us

Late Kedari Redekar Ayurvedic Mahavidyalaya was established in 1999 at Gadhinglaj, it is on 6.3 acre green campus. The institute aims in imparting quality Ayurveda education, health care service and research.

The institute offers under graduate course of 5½ years with 100 intake and Post-Graduation in 8 specialities with 51 seats, of 3 years duration. Institute has well developed research lab, library teaching pharmacy, herbal garden and hostel facility for both boys and girls.

It is having 272 bedded charitable hospital, with ICU unit, NICU Unit, Dialysis Unit, Blood storage facility. The patients get Mahatma Jotiba Phule Janarogya Yojana, Pradhanmantri Janarogya Yojana and ESIC scheme. It has well equipped modern O.T. and Panchakarma facility.

The institute is unique in its own way in contributing to Ayurveda health education & health care with humanitarian spirit.

About Seminar

Infertility is an emerging global health concern affecting physical, emotional, and social well-being. With changing lifestyles, stress, delayed marriages, and environmental factors, its incidence is rising rapidly. For students and doctors, understanding infertility is essential to provide holistic and ethical care.

Ayurveda offers valuable insights through concepts like Ritu, Kshetra, Ambu, and Beeja, emphasizing balance of body and mind, while modern science contributes advanced diagnostics and assisted reproductive technologies.

Integrating Ayurvedic principles with modern medical advances enables comprehensive, patient-centered management. This seminar aims to bridge both sciences, fostering informed, compassionate, and effective approaches to infertility care.

Aim High

Paper and Poster Presentation
